

## Smart Mobile Temperature Disinfection Channel

- Infrared body temperature detection
- Abnormal body temperature warning
- Hd dynamic face recognition camera
- Large capacity list storage capacity
- Cloud data storage, big data analysis more secure
- Fast recognition, high accuracy
- Stranger warning, blacklist management
- Intelligent voice alarm
- Automatic induction spray
- Waste collection, safe and environmental protection
- Passageway is automatically illuminated for night use
- With brake universal wheel, easy to stop and move

Overall Dimensions: 2360(H) \* 1800(L) \* 1200(W) MM

Channel Size: 1880(H) \* 1800(L) \* 1000(W) MM

	<i>Product Parameters</i>
Detection Distance	≤ 0.4M
Minimum Resolution	0.1°C
Temperature Measurement Accuracy	±0.5°C (At Room Temperature)
Temperature Measurement Range	0°C~45°C
Work Environment	0°C~45°C
Net Weight	300KG
